Friday Workshops

Julie Curry - 1 day class – Pineapple

Many quilters have “pined away” to make a Pineapple quilt, but have been intimidated by the tiny pieces and complex piecing. Now, any quilter can create this classic beauty. Using 2 1/2” strips and easy, precise piecing instructions, Julie will guide you to success—simply. Whether you choose to use a specific color palette, or an “anything goes” scrappy approach, you are certain to fall in love with this perfect pineapple project (say that fast 3 times!!). Julie also has instructions for a half-sized project using 1 1/2” strips.

Mel Beach – 1 day class - Walking Foot WOW

Create beautiful, modern quilted texture with your walking foot. Let’s move beyond the basic stitching in the ditch and explore decorative stitches, repeat patterns and even gentle curves to create drama and eye catching designs to your unfinished quilt tops.

Friday Workshops (continued)

Sue Hans – 2 day class – Landscape Design

Sue will introduce you to the ins and outs of successful landscape design. Bring photos you love and create your own art quilt. Incorporate thread painting, beads, buttons and more. Sue will work with you to create your one of a kind wall hanging. Jump in and amaze yourself! All levels of experience welcome.

Sujata Shah – 2 day class – Organized Chaos

Quilt so scrappy and mysterious, one glance is simply not enough! Traditional kaleidoscope blocks made with super eclectic array of fabrics to reflect the charm of African American and southern quilts. Each block is different than the next and so much fun, you won't want to stop making them. This is the scrappiest of all scrappy quilts!!

Open Studio

Saturday Workshops

Julie Curry - 1 day class – Equinox

Sample piecework and gorgeous stars make this quilt a stunner...Do you see the stars? Or do you see the plus signs? Or do you see the background diamonds? Whichever you see, it is a beauty! This quilt is created using 2 1/2" strips from your stash or from jelly rolls. Pattern includes information for several sizes. (A Cozy Quilt Strip Club Pattern.)

Mel Beach – 1 day class – Free Motion Mandala

Are you looking to add zen to your free motion quilting? We'll warm up designing mandalas on paper, before learning how to use minimal marking to free motion quilt a whole cloth mandala of your own design. Watch your mandala bloom as you add layers of texture and color! This workshop is geared toward more experienced quilters who previous experience/comfort with free motion quilting.
