

# SFQG Community Outreach Kit

## Window Frames

Included in your kit are 20 pre-cut squares and enough fabrics for you to cut and assemble the 10 blocks to be sewn. This will make a 40"X50" lap quilt when finished.

### Materials:

- A. (10) 10-1/2" print squares
- B. (10) 6-1/2" print squares
- C. 1/2 yd uncut fabric for (40) 2-1/2" X 6-1/2" rectangles
- D. 1/4 yd uncut light fabric for (20) 2-1/2" half triangle squares
- E. 1/4 yd uncut dark fabric for (20) 2-1/2" half triangle squares

### Assembly:

- For cutting rectangle C there is enough fabric in the 1/2 yd that when folded with selvages matching you can get (7) 2-1/2" strips. Cut each 2-1/2" strip into (3) 6-1/2" rectangles. You should have a couple extra.
- For making the 2-1/2" half triangle squares there is enough fabric included to cut (40) 3" squares, (20) from fabric D and (20) from fabric E. You are welcome to use what ever method you prefer for making the half square triangles.
- Using the (10) 6-1/2" print squares B start assembling your blocks using the diagram to the left.
- When finished assembling, iron and square up each block to 10-1/2".
- Taking your (10) 10-1/2" print squares and your (10) 10-1/2" blocks arrange them in an alternating pattern as show in the color diagram above, trying not to place fabrics that are the same next to each other.
- Sew together and give a nice iron.
- Thanks for taking home a kit!
